

MedicAlert ESP Scheme- Centennial Challenge

Fellow Lions,

Lions Clubs in UK and Ireland are pleased to announce that we have entered into an agreement with MedicAlert to challenge Clubs to raise £30,000 across the UK & Ireland to support 100 Children from the ages of 0 to 10 as part of the MedicAlert Early Start Programme.

This equates to around £3,000 per District and my challenge is for District 105D to rise to the Challenge and raise at least £3,000 to support 10 Children.

Please make cheques payable to LCI District 105D marked as MedicAlert ESP Programme. That way not only will be meeting the Challenge as set but your Clubs will be recognised as a supporter of the scheme. If funds are sent direct to MedicAlert there is no guarantee that you will be recognised.

I have uploaded the latest information from MedicAlert regarding the scheme to the Website for your information and possible use - www.lions105d.org.uk/projects/medicalert.html

If you need any further information or would like me to come and explain the scheme to your members please do not hesitate to contact me.

Thanks

Yours in Lionism

Lion Iain Pudney
MedicAlert and Message in a Bottle Officer
District 105D
