“Putting Fun into Fundraising & giving Service with a Smile”

Dear President

I am just writing to you as you are nearly half way through your year and I hope you are enjoying it.

Firstly to thank you all for the hard work you do serving our communities and the awareness you have put out into the public domain about our special year.

You and your club are aware of the projects that this Centennial year has and as you know some we have hit already but others we are slightly short so may I ask you to give a final push on them all, especially batteries and bulb planting as it is that time of year every little helps.

With regards to Prostate Cancer this is a project which affects us blokes who tend to ignore things like this. I know first-hand the importance of the PSA testing as in May this year I was told that I had Aggressive Prostate Cancer thanks to my clubs testing programme, which I have been tested for the last 4 years. I am aware that some doctors do not agree with the test but I had no signs and without the test I most probably would have died next year as it would have spread rapidly.

The Hearing dog, if your club hasn't donated and would like to donate still, please forward your donation to the District Treasurer as soon as possible please, as I am in correspondence with them at the moment regarding the purchase of a dog for 105d. This will help me a lot. Another way we can also help Hearing dogs is by collecting foreign coins and stamps so, at Convention, there will be two bins for these.

I know that you have all been busy doing things for the Centennial and it has been nice to know about them and even attend some. So let's finish this Centennial year on a high note and please let me know what you have done and how much raised, so I can compile a year-end report for PID Lion Phil Nathan, the Centennial chair.

Kind regards

Dave
