

Good afternoon Godwin

Date: 16th November 2017

Ref: Mobility Scooter

2 Pages in total.

A local resident had purchased a new Scooter for their own use, but unfortunately passed away just days after it was delivered.

The local dealer who sold it, is not interested in taking it back, thus the family are offering it for sale to anyone who is interested who can make them a sensible offer, for what we understand is an unused vehicle.

**Details we are given to understand are as follows:**

Scooter is a KYCO MIDI XLS, Colour Blue.

Will take a person up to 25 stone.

10 inch wheels and Pneumatic tyres.

Speed: Up to 8 Mph

Range of battery up to 25 miles

Complete with shopping basket, stick holder, 2 keys, battery charger, and handbook.

Cost new £1,850 (copy of receipt available)

Only weeks old, so still under manufacturer's Warranty.

The Warranty we understand can be transferred to new owner (letter from manufacturer confirms)

If anyone knows of anyone who may be interested, then please contact Ex Lion Tony Fiddy to discuss further.

Tony we are informed is handling the sale for the family, because no family member lives locally.

Tel 01189694242

mob 07792604280

e mail [tonyfiddy@naanovo.co.uk](mailto:tonyfiddy@naanovo.co.uk).

**Please Note:**

**The Woodley and Early Lions Club can accept no liability or responsibility for this vehicle in any way, and no warranty of any kind is implied or given.**

## **Page 2 Mobility Scooter (cont'd)**

**The purchaser should satisfy themselves completely as to the Mobility Scooters fitness and suitability for use, and for the accuracy of all details, including ownership and specification, before they purchase it**

The Serial Number of the vehicle as recorded on the Purchase Invoice is as follows:

E235BE-UK00159
